

GELENKPUNKT - SPORTS AND JOINT SURGERY INNSBRUCK

SPORTS TRAUMA AND DEGENERATIVE JOINT DISEASE

FELLOWSHIP 2020

Institution

Our private medical-practitioner rooms for orthopaedic and trauma surgery and sports traumatology are located in Innsbruck, the center of alpine area. Our specialists provide a range of treatments including minimally invasive arthroscopic and reconstructive surgeries, especially for injuries, damage and ailments affecting the most important joints. Our international network unites outstanding practitioners of sports medicine and orthopedic specialists, creating a professional framework for our daily work. Our competence is enhanced by numerous research projects, publications and the implementation of our own specially developed and innovative technologies.
